

Case Management: Monthly Peer Group

To empower youth and family development directors and specialists with best practices, resources, referrals, and partnerships for student and parent engagement. To provide capacity building and collaborative opportunities for agencies and schools.

"LAUSD Black Student Achievement Plan: Building Support and Advocacy"
Monday, August 9, 2021
2:00pm-3:00pm

ABOUT THE DISCUSSION

LAUSD this year approved nearly \$100 million to be invested in black student achievement. The move came after months of organizing from organizations including Community Coalition. Our facilitator this month will guide us in a discussion about LAUSD's Black Student Achievement Plan and how we can help ensure success for our students by participating in providing resources and advocacy and collaborative works.

ABOUT US

The Case Management Peer Group is a monthly discussion and training sponsored by the Community Response System of South Los Angeles, a project of Community Build, Inc., in partnership with LA Metropolitan Churches, USC, Al Wooten Jr. Youth Center, Jenesse Center, Randal D. Simmons Outreach Foundation, and other partners.

Our Case Management Peer Group is a follow-up to our Zoom trainings held at the height of the COVID-19 pandemic to help agencies and schools engage youth in their at-home learning. The peer group meetings are presented by our Education Subcommittee.

PRESENTER
**CHRISTIAN
FLAGG**
